**Description:**

Pathophysiology: A Practical Approach, Third Edition employs a concept-based approach to teaching nursing students the complex, yet essential topic of pathophysiology. The Third Edition offers an innovative, user-friendly approach and serves as a practical guide to understanding pathophysiology. Both instructor and students praise this text for its ease of reading, use of dynamic images to bring complex content to life and coverage of current trends. Pathophysiology: A Practical Approach, Third Edition features updated information resulting from research and current epidemiological trends. The concept-based approach throughout aligns with the recommendations from both the Institute of Medicine and the Robert Wood Johnson Foundation to promote clinical reasoning and lifelong learning. New to the Third Edition • Additional pediatric content • Coverage of the active learning and

flipped classroom approaches to teaching • Expansion of current and new case studies  
Includes Navigate 2 Premier Access
